CAREER OBJECTIVE

Electronics and Communication Engineering student with knowledge of Core Java, SQL, and frontend development using HTML, CSS, JavaScript, and React.js. Experience in building responsive web applications, reusable components, and user-friendly interfaces. Familiar with OOPs concepts, DOM manipulation, event handling, and basic state management. Strong problem-solving skills, quick learner, and adaptable to new technologies.

TECHNICAL SKILLS

- Languages: Java, JavaScript
 - Frontend: React.js, HTML5, CSS3, Bootstrap
 - Database: SQL
 - Tools: Git, GitHub, VS Code
 - Java Concepts: OOPs, Exception Handling, Collections, Basic JDBC
 - Web Concepts: DOM Manipulation, Responsive Design, Event Handling
-

PROJECTS

LoRa-Based Fisherman Border Alert System Using GPS Technology

- Developed an IoT-based fisherman safety system using GPS and LoRa technology for real-time boat location tracking and maritime border detection.
- Implemented automatic border alert mechanisms using buzzer/display notifications to warn fishermen when approaching restricted sea boundaries.
- Integrated LoRa communication for long-range, low-power wireless data transmission between fishing boats and monitoring stations.
- Added weather, fuel level, and food supply monitoring features to improve safety and resource management during long fishing trips.
- Built the system using ESP32 microcontroller, GPS module, DHT11 sensor, LoRa module, and buzzer.

Hotel Booking System

🔗 GitHub: github.com/Kirthika1822/hotel-booking-system

- Designed an 8-table relational database covering hotels, rooms, guests, bookings, payments, staff, services, and reviews.
- Implemented foreign key constraints, ENUM data types, and CHECK constraints to ensure data integrity.
- Wrote 10 business queries for revenue analysis, occupancy trends, guest history, and upcoming bookings.
- Generated insights like total revenue per hotel, most booked room types, and average guest review ratings.

EDUCATION

B.E-Electronics And Communication Engineering - 84%

University College Of Engineering ,Villupuram | 2022-2026

Higher Secondary - 83%

Aim Matriculation Higher Secondary School , Arni | 2021-2022

INTERNSHIPS

- Fullstack Java – Besant Technology (Jan - Mar)
 - Digital Electronics & VLSI – CODEC (Jun - Jul)
-

ACHIEVEMENTS AND STRENGTHS

- **Professional Development:** TCS iON Career Edge – Young Professional Course.
 - **Core Strengths:** Adaptable, Fast Learner, Team-Oriented, and Good Communicator.
 - **Languages Known:** English (Fluent),Tamil (Native).
-

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge, and I take full responsibility for the accuracy of the details mentioned in this resume.
